# COMPANY OVERVIEW

Aaron Industries Ltd was incorporated in 2013 with the purpose of providing excellent solutions for elevator industry and other connected industries. With the vision to become a Public Limited Company, Aaron made its entry in Elevator Industry and immediately spreaded its reach in Pan India. Aaron Industries Ltd in 2018, become 1st Public Limited Company in Elevator Industry in SME and is listed on NSE.

Within a Short Span, Aaron has changed the elevator market by developing large variety of Elevator Cabins and Autodoor Systems, with designs that the industry has seldom seen.

Under the guidance and leadership of our Board Team, Aaron Industries also entered in to Stainless Steel Polishing Industry with expanding its facility by 4 times and developing a state of the art unit with imported latest technology.
