Press Release

“Aaron Industries Limited Introduces “EVOQ360” – Next-Generation Smart Home Lift Solutions”

Surat, December 23, 2025: Aaron Industries Limited (NSE: AARON), a leading manufacturer of Elevator Products and Components, SS Polishing, SS Design and Colour Sheets is pleased to announce the official launch of its new premium home lift product “EVOQ360 – Home Lift Solutions”, designed to redefine residential mobility through innovation, safety, energy efficiency, and aesthetics.

EVOQ stands for “**Evolution**” and **360** signifies a **complete, all-inclusive range of home lift solutions**, designed to cater to diverse residential requirements with a focus on safety, energy efficiency, aesthetics, and ease of installation.

EVOQ360 is an advanced range of smart home elevators developed specifically for modern residential spaces, offering **pit-less and shaft-less design options**, making it ideal for both new constructions as well as retrofit installations in existing homes. The solution eliminates the need for deep pits or machine rooms, ensuring minimal civil work and faster installation.

Key highlights of the EVOQ360 Home Lift Solutions include:

- **Smart Door & Pit-less Design** enabling seamless access and space optimization.
- **Advanced Belt Drive Mechanism** powered by cutting-edge technology, the Advanced Belt Drive Mechanism replaces conventional wire ropes with a high-strength polyurethane belt reinforced with steel cords, offering silent, smooth, and vibration-free performance. This modern drive system not only saves space but also minimizes maintenance, improves energy efficiency, and ensures long-lasting reliability. The result is a refined, whisper-quiet ride that elevates the comfort and luxury of your home.
- **Intelligent Power Backup System**, ensures uninterrupted elevator operation even during power failures. The smart battery system automatically switches to backup mode, enabling smooth, safe, and continuous elevator movement without any disruption. With the capability to support up to 100 travel cycles (G+3) on a single full charge, it delivers high reliability, enhanced passenger safety, and complete peace of mind. This smart and intelligent battery system is being developed by R&D team of Aaron, this intelligent battery solution is designed to operate seamlessly during power cuts or failures, significantly reducing the risk of passengers getting stuck inside the elevator.
- **Modular MS Shaft Structure**, eliminating the requirement of conventional concrete shafts.
- **Customised Cabin Interiors**, offering more than 200 premium decorative finishes including stainless steel, glass, embossed and designer options.

The EVOQ360 system has been designed keeping user safety, convenience, and sustainability at the core, making it a reliable and elegant vertical mobility solution for independent homes, villas, duplex residences, and compact residential spaces.

Management Commentary

Mr. Amar Chinubhai Doshi, Chairman & Managing Director, commented: *“EVOQ360 represents a significant step forward in our journey of innovation. With changing lifestyles and increasing demand for smart residential solutions, homeowners today seek safety, comfort, and aesthetics without compromising on space. EVOQ360 has been developed as a holistic home lift solution that combines advanced technology, elegant design, and energy efficiency. We believe this launch will further strengthen our presence in the residential segment and reinforce our commitment to delivering future-ready mobility solutions.”*

With the introduction of EVOQ360, Aaron Industries Limited aims to address the growing demand for compact and customizable home lift systems in India, while leveraging its manufacturing capabilities, design expertise, and strong distribution network.

About Aaron Industries Limited

Aaron Industries Limited is a trusted name in the elevator industry, offering a comprehensive range of high-quality elevator products, components, and stainless steel polishing services. The Company specializes in end-to-end elevator solutions, designing and manufacturing elevator cabins, automatic door systems, and cabin safety frames that seamlessly blend functionality with artistic elegance for residential and commercial projects. To enhance its supply chain efficiency and ensure in-house quality control, Aaron Industries established a state-of-the-art stainless steel sheet polishing division, which plays a key role in its backward integration strategy by providing polished stainless steel for elevator doors and cabins. With a strong commitment to innovation, quality, and customer satisfaction, the Company continues to expand its footprint across India, solidifying its position as a leader in elevator solutions and stainless steel processing.
